Professional Summary

- Enthusiastic and detail-oriented Computer Science Engineer specializing in Frontend Development and Software Programming. Skilled in designing interactive user interfaces and developing data-driven systems using modern tools and technologies. Known for being honest, hardworking, and passionate about building innovative solutions that combine creativity, analytical thinking, and problem-solving.

Education

OP Jindal University , B.Tech. in Computer Science, CGPA- 7.5 Aug 2023 – 2027

- **Coursework:** Computer Architecture, Comparison of Learning Algorithms, Computational Theory

Sarvodaya public school, 12th April 2023

- **Coursework:** Physics, Chemistry, and Mathematics

Projects

Heart Disease Prediction System | Python

August 2025 – November 2025

- Developed predictive models to assess the risk of heart disease using patient data.
- Enhanced diagnostic accuracy by integrating medical imaging data (CT scans, MRIs) with clinical datasets.
- Implemented real-time patient monitoring using wearable devices to collect heart rate and blood pressure data.
- Tools Used- Python, Machine Learning Libraries

E-Calendar | Figma

- Designed a festival-themed interactive calendar featuring visually rich monthly planning.
- Focused on user-centric design for intuitive navigation and visual appeal.
- Tools: Figma

Poetify | Figma

- Created an emotion-driven poetry app prototype for interactive verse exploration.
- Implemented responsive and aesthetic interface designs using UX best practices.
- Tools Used: Figma

Technical Skills

Programming Web Technologies: C, C++ , Python, Java, SQL, HTML, CSS, JavaScript.

Frontend Development: HTML, CSS, Figma, Adobe XD, Canva.

UI/UX Tools: Figma (Wire framing, Prototyping, Visual Design).

Productivity Tools: Microsoft Office Suite (Word, Excel, PowerPoint, Outlook).

Soft Skills: Team Collaboration, Time Management, Analytical Thinking, Problem-Solving, Communication

Extra Curricular

- Led Smart India Hackthon 2023 as Core Team Leader and Volunteer, Overseeing logistics, Participant.
- Engaged in a task assigned by the (AICTE). Successfully taught basic computer skills to underprivileged students
